### **What dates should I book travel dates?**

If you are planning to attend the full conference, we recommend arriving on July 14th and departing on July 20<sup>th</sup>. Be mindful of flight times. Many flights to Ireland are overnight flights and arrive early in the morning. We recommend arriving the day before the conference starts so you have some time to acclimate to the time change.

### **Passports**

If you are not an Irish citizen, please check your passport expiration date today and look up your country's agreement with Ireland – in the U.S., passport renewals have been a bit delayed, so please plan ahead and get your renewal application in early so you can travel to Dublin with us in 2024!

*Note: If you are a U.S. citizen intending to go anywhere in the EU after or before the conference, your passport must have an expiration date at least 3 months after the date you intend to leave the EU. This does not apply to Ireland, where a valid passport is sufficient (just another reason to love Ireland!).*
